

Amendments to the specification.

On page 1, BACK GROUND OF THE INVENTION, was completely rewritten.

On page 2, BRIEF DESCRIPTION OF THE DRAWING.

Sheet No. (1) was changed to Fig. No. (1)

Sheet No. (2) was changed to Fig. No. (2)

Sheet No. (3) was changed to Fig. No. (3) A blown up view of section A-A, to show mechanics of quilt frame, from Fig. No. (2)

Sheet No. (4) was changed to Fig. No. (4) A blown up view of section B-B, to show mechanics of quilt frame, from Fig. No. (2)

Sheet No. (5) was changed to Fig. No. (5) Detail drawing of (1) section of (4) to make quilting rack clamp.

Sheet No. (6) was changed to Fig. No. (6) Detail drawing of clamp bar.

Sheet No. (7) was changed to Fig. No. (7) Detail drawing of (1) section of (4) to make quilting rack frame.

Sheet No. (8) was changed to Fig. No. (8) Detail drawing of quilting rack frame support.

Sheet No. (9) was changed to Fig. No. (9) Detail drawing of frame support arm.

Sheet No. (10) was changed to Fig. No. (10) Detail drawing of frame support arm base.

Sheet No. (11) was changed to Fig. No. (11) Detail drawing of frame post swivel retainer.

Amendments to the specification.

Sheet No. (12) was changed to Fig. No. (12) Detail drawing of frame post swivel.

Sheet No. (13) was changed to Fig. No. (13) Detail drawing of frame post.

Fig. No. 14 was added for, Detail drawing of frame base.

Fig. No. 15 was added for, Detail drawing of frame legs.

Fig. No. 16 was added for, Detail drawing of clamp frame stops.

On page 4, CLAIM OR CLAIMS, was completely rewritten.

Mr. Tan Le

I have rewritten the Claim or Claims and the Background of the Invention. I also added an application number and figure numbers to the drawings.

I added section A-A and section B-B to help understand the the mechanics of how the quilt rack works.

There is a PTO/SB/01 form enclosed like your sample, thanks for your help.

I hope everything is in order, sorry for the inconvenience.
